Background on Exhibit	NTCC (https://www.nashvilletreeconservationcorps.org) is a nonprofit dedicated to the retention and replanting of trees in Davidson County. Because the NTCC has no venue for events, we associated with the JCC as a part of their ongoing series of art exhibitions. The JCC will handle all sales of our artwork and each artist will get 45% as with our regular joint partnering shows. (artist 45% - JCC 35% - NTCC 10% - Chestnut Group 10%)

Painting Location Options and Available Subject Matter	<p>Given the unprecedented nature of the current global situation where even the status of parks and public landscapes is in limbo, access to a tree to paint may be one of the few “plein air” options open to us! For the reception will be inviting the tree supporters and donors who have registered as “friends” with the NTCC website (and those members of the several other “tree nonprofits” in town).</p> <p>Because such organizations make their impact by operating as local advocates, we want to be able to specify the locations of our tree subject matter. We ask that your “tree portraits” be of specimen or settings of trees that are located within Davidson County or in one of the adjacent counties sharing a border with Davidson. You may also enter paintings completed in the past 10 or so years, but we do ask that the scene retain any featured tree or trees in order to still be recognizable now.</p>

<p>Handling Images of Artwork for Promotional Purposes</p>	<p>For promotional purposes, when posting your work to social media, please hashtag #chestnutgroup. There may be other instructions on additional tags later.</p> <p>The NTCC will post images of our completed artwork on their website and will continue to accept submitted work until near the show’s date. Where to email images TBD.</p> <p>Label your images in jpg format as follows: your name_title_media_dimensions.jpg</p> <p>Be sure and hold any paintings used in promotional materials for the show.</p>

<p>Painting Guidelines</p>	<p>Until further notice, because of the restrictions on gatherings, we will not be setting group painting events.</p> <p>You are each encouraged to enjoy some safe time outdoors to explore and capture some of the majestic trees that share this part of central Tennessee with us.</p>
-----------------------------------	--

<p>Painting Submissions</p>	<p><u>📌 Number and Sizes of Paintings Allowed</u></p> <p>Because the JCC gallery can only accommodate 60 paintings, we will be accepting only one or two paintings from each Chestnut member. This depends upon how the number of submittals look when we register title blocks. The maximum size of any work will be 16 x 20. We apologize for these restrictions.</p> <p>We hope to be having additional “Tree” shows at other venues in a series of events to raise awareness of the need for stronger local tree ordinances and the importance of trees to our personal and overall environmental health.</p> <p>Size or work for exhibit</p> <ul style="list-style-type: none"> • 8x10 and up to and including 16x20 (from 80 to 320 sq. in.)
------------------------------------	---

	<p>▶ <u>Framing Guidelines</u></p> <ul style="list-style-type: none"> • Solid wood construction • Since we are a plein air painting organization, plein air style frames and floater frames are acceptable. but not required (Google “plein air frames” and “floater frames” click “images” for examples) If using a floater, the edge of the painting panel or canvas should be painted • Gold, silver, bronze frames • Black, brown, and single tone stained wood frames, with or without gold or silver trim (e.g., liner lips) • Tastefully, subdued color-painted frames; for example, white, off-white, pale green, antiqued gray or blue, etc. • NOT allowed are saw tooth hangers, which are often unreliable and do not hide display panel hanging hooks. • In order to help ensure a consistent plein air exhibit look and feel, and a level of quality throughout the show, the chairpersons reserve the right to request that paintings with frames that they deem inappropriate or unacceptable be re-framed.
